

A Historic Touch in the Heart of Budapest:

Our Prestigious New Project on Dohany Street!

We are launching a new project on Dohany Street, one of the most prestigious locations in Budapest and a UNESCO World Heritage site! This €85,000,000 investment project brings together residential and commercial spaces, designed with respect for historical heritage. The project will offer all the comforts of modern living while preserving the area's characteristic identity and adding value to Budapest's architectural landscape.

Project Progress

Phase 1

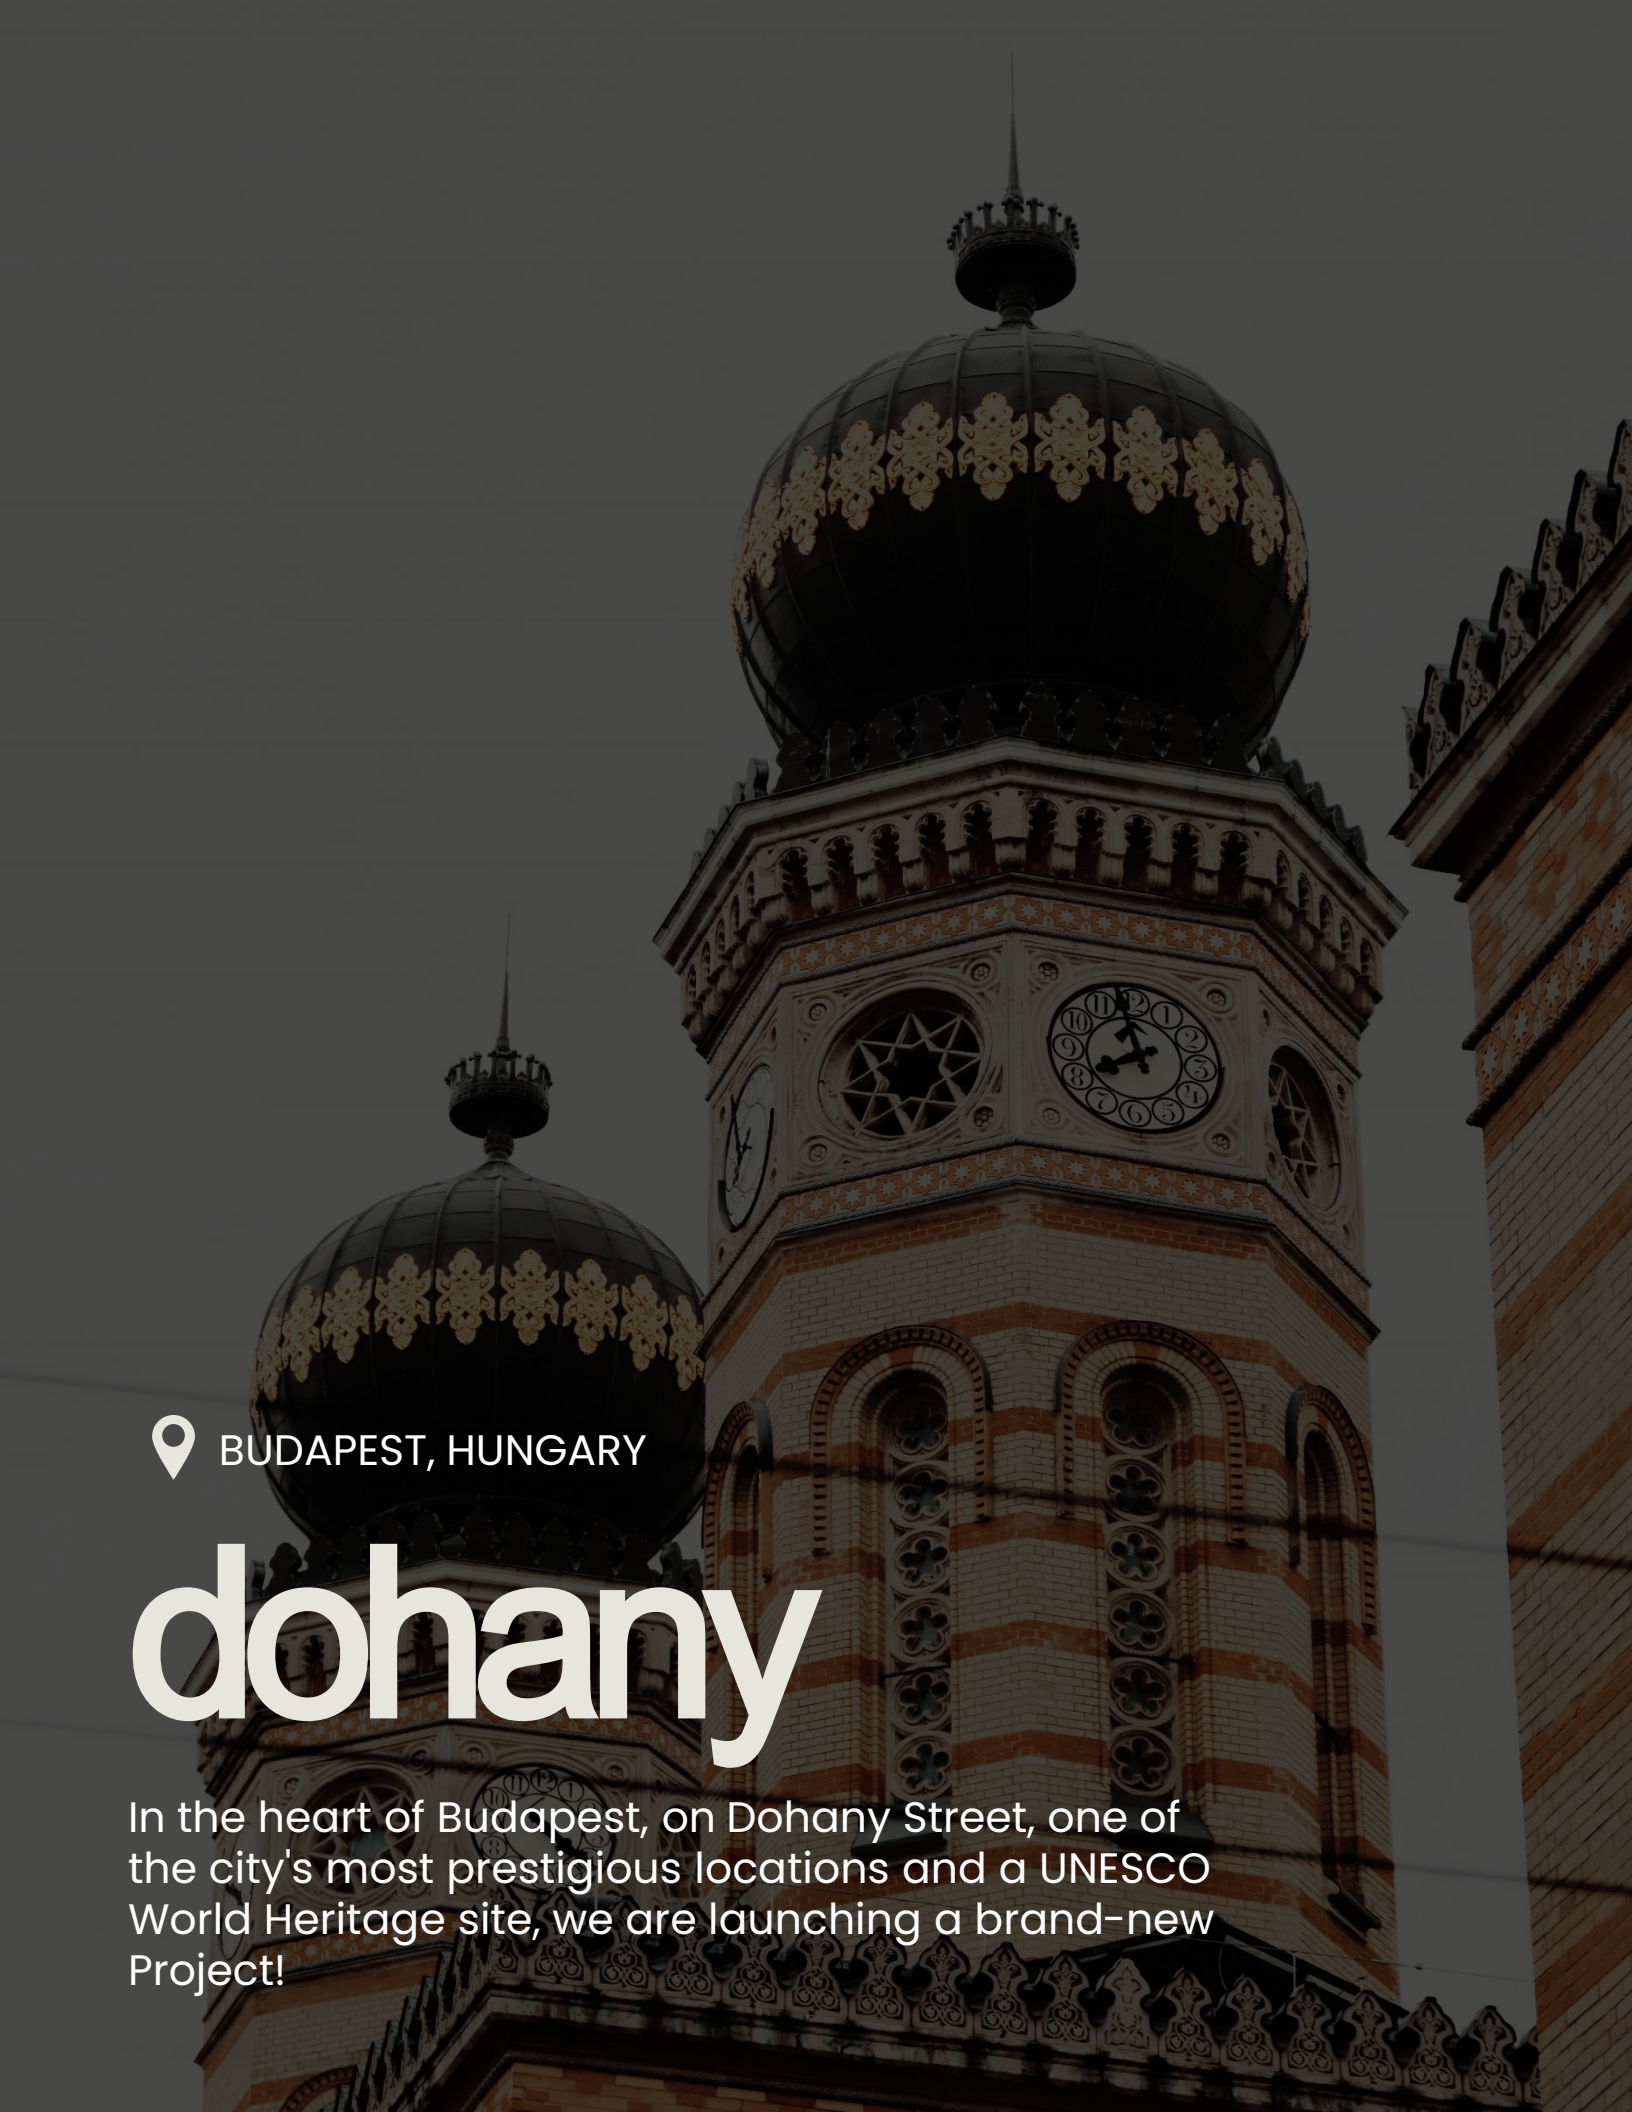

Phase 2

The path has been opened for real estate investment funds (REIF) to invest directly in real estate projects. Thanks to the newly developed "Project REIF" model, savers will have the opportunity to invest their small savings in real estate projects. Investors will be able to earn profits from project sales or rental income, as well as have the chance to become homeowners. Polat will be one of the pioneering brands of this new model in Turkey.

36 Months Installments

Piyalepaşa İstanbul, Turkey's largest urban transformation project carried out by the private sector, has launched a new phase called Piyalepaşa İstanbul Premium, with an exclusive campaign now available.

INVESTMENT FUND

01

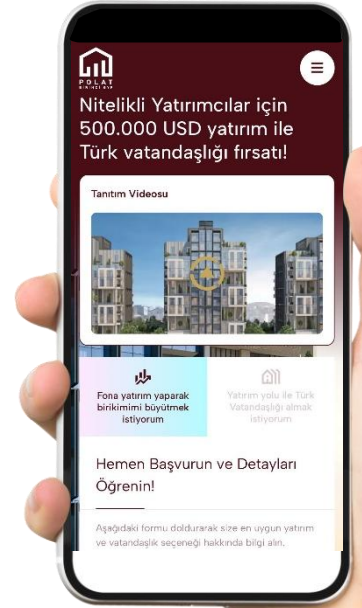

Polat Gayrimenkul to Launch a Project Real Estate Investment Fund in the First Half of 2025!

With Turkey's fund market surpassing the 100 billion TL threshold, new investment products are being introduced.

Real estate investment funds offer professional management, high return potential, and liquidity advantages, providing an easy and reliable way to invest in real estate.

With the new regulation, REIFs can now invest in housing-focused projects. Atlas Portfolio has applied to the Capital Markets Board (CMB) for the "First REIF."

The fund aims to generate income for investors and offer citizenship benefits through selected real estate investments.
